ANNOUNCEMENT.

Court of Appeals.

We are authorized to announce Judge T. F. Harpe as a candidate for re-election to the Appellate bench, subject to the action of the Democracy of the District.

"Shucks" is the name of a new paper in Edmonson county.

As a lisper in the lap of spring, this winter takes the ribbon.

J. N. Price and Jas. P. Allen are Democratic aspirants for nomination of candidate for State Senator, in Fleming county.

KELLOGG, of Louisiana, was yesterday indicted by the grand jury of the District of Columbia for the alleged complicity in the Star-route frauds.

Schools, railroads and manufacturers are the things to make any country boom. Kentucky is fifty years behind the great new West in all of these features.

Drive away poverty by public improvements and general industries, and the chronic grumblers will be numbered amid the dead past.

The Hon. C. S. Offutt has been decided the nominee of the Democratic party for Representative, by Col. E. F. Gray, Chairman of the Democratic Executive Committee, in compliance of its recent action—he having no opposition by the first of April.

Ireland is compelled to pay a salary of \$100,000 yearly to the British Lord who sits in the Castle. The Irish also pay annually more than five million dollars for foreign pensions and officialism of different sorts. And when crops fail and people are left destitute, England tells them they had better emigrate.

Friday, two hundred Mormon recruits passed through Lexington from Georgia, Tennessee and North Carolina, en route for Salt Lake. The Mormon Missionaries are largely on the increase in the South—there being seventy at present laboring unceasingly, and adding great numerical strength to that odious sect.

The people of Bourbon will, on the 19th of May, vote on a proposition submitted by the County Court, to subscribe \$100,000 of conditional tax and stocks, in the Frankfort, Georgetown, Paris and Virginia Railroad. It will be remembered that the county voted a subscription of \$100,000 a few years ago, payable in a limited time on conditions of the rolling stock arriving at given places before the subscriptions should be paid. The proposition now before the people makes void the former subscription and asks a similar one, without limit regarding the time of construction of the road, but payable on conditions of rolling stock arriving at the stated points as before.

This is certainly a cheap proposition—in fact, too cheap to be of good intent. We do not care to advise people to vote for or against it, for we think it innocent either way, whether it carries or not. We view the proposition now, as we did two years ago—merely a scheme to sell a railroad charter. If the company is in earnest about the railroad and have the capital to push through as they allege, why don't they go to work and build it without this pitiful sum? Why did not they start it two years ago and reap the benefit of Bourbon's little drab, if it alone was necessary for the erection of the road?

Again, we repeat, the people of Bourbon need not be alarmed, for if the tax is voted, we do not believe that a cent will be collected from the fact that nobody wants to buy a railroad charter just now.

The proposed new railroad will save candidates a deal of buggy hire when they want to go to Cynthiana and Middletown. It will be a good idea to book agent ta.
